HUBZONE DEPOT
TIER 1 GROUP PURCHASING

CAPABILITY STATEMENT

One certified supplier for what your sites buy every month

SBA-certified HUBZone and Women-Owned Small Business (WOSB) · WBENC-certified WBE

$400M	12M+	32	98%	21.8%
bought every year	products in the catalog	procurement systems connected	on-time delivery	average savings

Hubzone Depot supplies MRO, safety, janitorial, facility, office, IT and lab supplies to federal prime contractors and procurement teams. Our buying power sits behind a marketplace that opens inside your procurement system, and every purchase is accounted for.

CORE COMPETENCIES

Punchout marketplace
12M+ products inside SAP Ariba, Coupa, Oracle, Workday and 28 more systems. Your buyers keep their system, their approvals and usually their brands.

Spotbuy sourcing
Send a part number, a photo or a rough description. We search more than 2,500 suppliers and return one clear quote for you to approve.

Subcontracting plan support
We price the supply lines in your bid, so you can name small business, HUBZone and WOSB dollars in your plan.

Spend reporting
Statements of your spend with us by contract and period, with what your SAM.gov subcontract reports ask about us.

Small parcel audits
We audit every FedEx and UPS invoice against published guarantees and your negotiated rates, and file the refund claims.

DIFFERENTIATORS

One purchase, three goals
A purchase from us counts in full toward small business, HUBZone and WOSB goals. Credit follows your contract and plan.

The goals that were missed
In FY2025 federal prime contracting missed its HUBZone goal (2.66% of 3%) and WOSB goal (4.52% of 5%). We hold both certifications.

SBA FY2025 scorecard, as reported by CRS, IN12018.

No new system
Move indirect spend without a new program to manage or a change in how your teams buy.

Fast answers
We reply within one business day, with questions about your categories, sites and goals.

PAST PERFORMANCE

Federal prime contractor, Army and NASA programs. For about two years we have supported a federal prime contractor, on an Army program that ran through September 2026 and by quoting requests under its NASA work. Selected clients: hubzonedepot.com/partial-client-list. References on request, with the customer's approval.
